

Emerald Isle

A Slice of Tropical Paradise

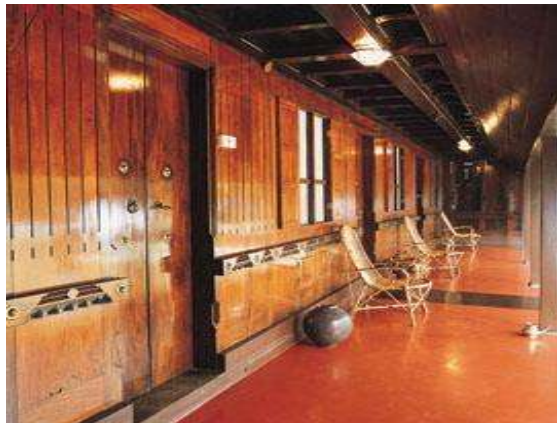

Step into an eco-friendly world of perpetual birdsong and bountiful nature, as you holiday on the shores of the backwaters of Kerala at Emerald Isle. We offer peace, privacy and pure relaxation. There are only 4 air conditioned rooms for guests and we take that extra care to ensure that you rest in absolute peace and at harmony with nature at our place.

A great way to move around the backwater villages and partake in the life of the people - in true Keralan style

Our house, dating back 150 years, retains its original architectural features, mostly in teak, with splendid wood carvings. There is also a fine Ara, the timber storeroom used in former times for the golden harvest of rice – golden because the island's lush green paddy fields turn gold at the time of the harvest.

Our property is stretched around 9 acres including lush green paddy fields and fish ponds. All meals are served in dining room. Please ask us if you want to have any special facilities like Ayurvedic treatments or houseboat rides.

Emerald Isle is ideal for those wanting to relax, sun themselves or getting away from it all. The tranquil air here is salve to frayed nerves and everyday tensions. Read a book or taste the locally harvested 'toddy' fresh from the coconut trees! When you tire of lazing in a hammock, or sunbathing in the courtyard garden, you can take a walk around the island, go fishing or have a swim.

Room Tariff : (including All Meals & Taxes)

Non-Airconditioned Heritage Room - Rs.5000/-

Air-conditioned Heritage Room - Rs.5800/-

(Add Rs.500/- Peak Season surcharge from 15 December to 15 January per room)
